PROFESSIONAL SUMMARY

Graduate Full-Stack Developer with practical experience building responsive, full-stack web applications using React, TypeScript, JavaScript, Node.js, and SQLite. Trained at Dev Academy Aotearoa in modern development practices, agile teamwork, and clean code principles. Known for rapid learning, strong communication, and the ability to collaborate effectively under pressure.

Previous roles in telecommunications and retail helped strengthen my ability to understand customer needs, work towards targets, and contribute to team success through clear communication and reliability. Eager to apply both technical and interpersonal skills in a software development role.

TECHNICAL SKILLS

- FRONTEND

React	JavaScript	Typescript	HTML
CSS			

- BACKEND

Node.js	Express	REST APIs	SuperAgent
---------	---------	-----------	------------

- DATABASE

SQLite3	Knex.js	Data Seeding & Migration	Relational Databases
---------	---------	--------------------------	----------------------

- TOOLS

Git	GitHub	DevTools	VS Code
Thunder Client			

PROJECT EXPERIENCE

11/2024 – 12/2024
Auckland, New Zealand

Full Stack Developer BITE-SHARE

- Developed a web app to connect individuals with surplus food to those in need, helping reduce food waste.
- Built backend with Express, designed migration tables, and implemented secure API routes.
- Integrated frontend with React and TypeScript, ensuring a smooth UX across devices.
- Facilitated agile ceremonies (stand-ups, retrospectives) and fostered positive team dynamics.

11/2024 – 11/2024
Auckland, New Zealand

Backend Lead Food-Recipes

- Built a responsive food recipe website in a one-day sprint with a team of three.
- Designed and implemented backend logic with Express, Knex, and SQLite3.
- Collaborated on frontend using React, TypeScript, and React Query.
- Delivered a fully functional MVP with clean UI/UX under a tight deadline.

PROFESSIONAL EXPERIENCE

08/2024 – 12/2024
Auckland, New Zealand

Full Stack Developer (Student)
Dev Academy Aotearoa

- Built and deployed full-stack applications using React, TypeScript, and SQLite.
- Developed responsive UI components with attention to accessibility and performance.
- Led version control using Git and GitHub for collaborative team projects.
- Integrated Auth0 for secure authentication and user management.

04/2020 – 08/2023
Hamilton, New Zealand

Telecommunications engineer
Callus Communications Ltd

- Translated customer requirements into practical solutions through detailed site assessments and planning.
- Produced clear and concise technical documentation to support team workflows.
- Worked closely with cross-functional teams and clients to deliver tasks efficiently, meeting deadlines and quality standards.

08/2016 – 02/2020
Morrinsville, New Zealand

Assistant Site Leader
Z Energy

- Provided excellent customer service through effective team coordination and communication.
- Supported day-to-day operations, working towards store targets and ensuring service consistency.
- Trained and guided new team members to maintain high standards.
- Contributed to a positive team environment while handling responsibilities under pressure.

EDUCATION

08/2024 – 12/2024
Auckland, New Zealand

NZ Certificate in Applied Software Development
Dev Academy Aotearoa

11/2014 – 12/2015
Nelson, New Zealand

Graduate Diploma in Business Management
NMIT (Nelson Marlborough Institute of Technology)

04/2008 – 04/2011
Amritsar, India

Bachelor of Information Technology
Guru Nanak Dev University
