---------	---------	--------------------------	----------------------

— TOOLS

Git	GitHub	DevTools	VS Code
Thunder Client			

PROFESSIONAL EXPERIENCE

08/2024 — 12/2024
Auckland, New Zealand

Full Stack Developer Dev Academy Aotearoa

- Built and deployed full-stack applications using React, TypeScript, and SQLite.
- Developed responsive UI components with attention to accessibility and performance.
- Led version control using Git and GitHub for collaborative team projects.
- Integrated Auth0 for secure authentication and user management.

04/2020 — 08/2023
Hamilton, New Zealand

Telecommunications engineer Callus Communications Ltd

- Conducted site surveys and project scoping to align with customer needs.
- Programmed and maintained Optical Network Terminals (ONTs) to ensure stable connectivity.
- Produced technical documentation and reports to support project delivery.

08/2016 — 02/2020
Morrinsville, New Zealand

Assistant Site Leader Z Energy

- Delivered excellent customer service through clear communication and team coordination.
- Trained and supervised new team members to maintain consistent service quality.

PROJECT EXPERIENCE

11/2024 — 12/2024

Auckland, New Zealand

Full Stack Developer

BITE-SHARE

- Developed a web app to connect individuals with surplus food to those in need, helping reduce food waste.
- Built backend with Express, designed migration tables, and implemented secure API routes.
- Integrated frontend with React and TypeScript, ensuring a smooth UX across devices.
- Facilitated agile ceremonies (stand-ups, retrospectives) and fostered positive team dynamics.

11/2024 — 11/2024

Auckland, New Zealand

Backend Lead

Food-Recipes

- Built a responsive food recipe website in a one-day sprint with a team of three.
- Designed and implemented backend logic with Express, Knex, and SQLite3.
- Collaborated on frontend using React, TypeScript, and React Query.
- Delivered a fully functional MVP with clean UI/UX under a tight deadline.
